

OUR VISION

To deliver a world class education which is fully inclusive and based on the cooperative values of self-help, self-responsibility, equality, democracy, solidarity, openness, honesty, social responsibility and caring for others. We are ambitious for all pupils and aim to create successful, independent and resilient learners who work collaboratively and are self-motivated. This is supported by..

Ethos

Based on the 5 outcomes of Every Child Matters. Creating an environment where all pupils feel safe, happy and ready to learn, supported by an excellent pastoral system.

T & L

A responsive team of professionals, with a shared pedagogy of cooperative learning, coaching and effective feedback, who are dedicated to creating quality learning opportunities

Student Leadership

A programme of opportunities that creates confident, resilient and resourceful problem solvers who are capable of learning independently and working in teams for the benefit of all.

CPD

We are committed to empowering all our staff to develop professionally to the benefit of our pupils. Using a research led cooperative model with an ethos of collaboration and reflective self-improvement.

These are built on a broad and balanced curriculum, driven by a commitment to social justice, which allows deep learning to take place. It creates opportunities for relevant, exciting and engaging knowledge led learning. It is the foundation on which we can develop our pupils into fully rounded, resilient individuals and provide them with the skills to contribute successfully to society in the 21st Century.
