14 February 2019

Dear Mrs J Willey,

## Thanks for raising £414.00 for Shelter!

Homelessness affects pupils, families and teachers across the country and we know this has a massive impact in the classroom.

There are over 130,000 homeless children living in Britain today, and – shockingly - every 10 minutes, at least one more family in Britain becomes homeless.

Staying in temporary accommodation for extended periods can be exhausting and pupils find it hard to concentrate during lessons. Outside of school, homework is difficult to do when there's nowhere to work at home.

Despite this, it's difficult to talk about homelessness in the classroom. That's why we've created resources to help teachers and pupils do this. Check out [shelter.org.uk/schools](https://www.shelter.org.uk/schools) for a range of curriculum-linked activity sheets that will help you talk about homelessness in the classroom.

By fundraising for Shelter, you've already helped a great deal. Shelter won't stop until there's a home for everyone – and we couldn't do this without your support.

So once again, thank you to your whole school – staff, pupils and parents – for your amazing efforts. We – and all those we help – really appreciate it!

Jessie Gurr  
Schools Fundraising Manager

PS We have enclosed a certificate and a separate thank-you letter for the children.
